

## Good Faith Estimate Notice

### Notice to clients and prospective clients:

Under Section 2799B-6 of the Public Health Service Act, health care providers are required to provide a good faith estimate of expected charges for items and services to individuals who are paying out of pocket. You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency healthcare services, including psychotherapy services.

For more information about your right to a Good Faith Estimate, to learn more about the No Surprise Act, to ask a question, or submit a complaint, visit <http://www.cms.gov/nosurprises> or call 1-800-985-3059.

The following is an estimate only. Please note that the frequency and total number of appointments a client attends are unknown at the outset of treatment and varies based on the clients' needs, preferences and the progress made during treatment. This is not a contract and does not require you to obtain the services listed in this document.

Please also note that it is possible for clients to incur other fees not included in this estimate (ex. Late cancelations, no shows, court appearance, etc). For more information on other potential fees, please review the Practice Policies.

### Individual Counseling Estimates

| One appointment every week | Total Estimated Cost |
|----------------------------|----------------------|
| for 4 weeks                | \$640                |
